

BANGLADESH INLAND WATER TRANSPORT AUTHORITY (BIWTA)
141-143, MOTIJHEEL COMMERCIAL AREA, DHAKA-1000, Bangladesh

No: 18.11.0000.311.14.047.2019/ ২৯৬৯

Date: 02-03-2020

Minutes of the Pre Tender Meeting held on 18-02-2020 at 11:00 hrs. at the conference room of BIWTA Bhaban (Level-6), 141-143, Motijheel C/A, Dhaka-1000, Bangladesh in connection with the Tenders for "Procurement of 4 Nos. 24" Cutter Suction Dredger and Ancillary Vessel with Other Accessories" (GD-12), tender No. 18.11.0000.311.14.047.2019/2590, dated:26-01-2020.

A Pre Tender meeting was held in the conference room of BIWTA on 18.02.2020 at 11:30am. The Meeting was presided over by the Member (Engineering), BIWTA. The Chief Engineer (Dredging) & Project Director, Additional Chief Engineer (Marine-1), Additional Chief Engineer (Marine-2), Superintending Engineer (Mech.) & other official concerned of BIWTA were present in the meeting. The representatives from Karnafuly Shipbuilders Limited, Khulna Shipyard Ltd., Dekker Dredging, Netherland & attended the meeting.

Some questions were raised verbally and written in the meeting by the representatives of the above mentioned tenderer. All clarifications sought or questions raised were discussed and answered by the BIWTA officials concerned. The raised questions or sought clarifications with their corresponding answers/clarifications are given below :

Sl no.	Tender Clause No.	Tender Conditions given by BIWTA	Questions/Clarifications sought by the prospective tenderer	Answers/Clarifications
01	1.16 of technical specification of 24" CSD	The vessel including its hull, Main propulsion and auxiliary engines, other equipment and machinery shall be designed, built classed for coastal water and manufactured under the supervision of reputed international classification society of Lloyds/ABS/NKK/DN V.GL being a member of IACS.	Requested to design the vessel including its hull, main propulsion and auxiliary engines, other equipment and machinery shall be built, classed for coastal water and manufactured under the supervision of "International Classification Society who is a full member of IACS".	This condition shall remain unchanged.
02	GCC clause 23.2, (Page 61)	For Goods supplied from abroad as per INCOTERM CIF or CIP" & Price Schedule Form PG4-3B.	Goods supplied from abroad shall be as per INCOTERM CIF or CIP however in the relevant price schedule from PG4-3B in column 9 you have stated 'Vat Payable on Account of Supplier if the contract is awarded'- 'If applicable as per Vat Act'. Both seem to be contradictory. Please	The tenderer shall follow ITT Clause 23 and GCC clause 29 for the Tender Prices, Tax & Price Schedule Form PG4-3B.

Sl no.	Tender Clause No.	Tender Conditions given by BIWTA	Questions/Clarifications sought by the prospective tenderer	Answers/Clarifications
			clarify that should we manufacture the goods in India and deliver through Inland Transportation via river ways, leviable tax if any in Bangladesh shall not be in our scope. As per INCOTERMS we understand that the Exporter pays the Tax in the exporter's country and Importer pays the Tax in importer's country. Kindly furnish the clear information and amend the Price Schedule Form PG4-3B as applicable.	
03	Price Schedule for Goods (Form PG4-3B) (Page No-95) & ITT Clause 23.12 (d) (Page No-38)	In addition to the CIF/CIP price specified in ITT 23.12(a), the price of the Goods manufactured outside Bangladesh shall be quoted: Dredger Base, BIWTA, Narayanganj, Bangladesh. & Price Schedule for Goods (Form PG4-3B) [Group B Tenders: Goods Manufactured outside Bangladesh, to be imported]	Please confirm by CIP or CIF, tenderer shall quote the price of goods manufactured outside Bangladesh.	The Unit price "CIP [Chattogram port/ Mongla port] Or CIF [Chattogram port/ Mongla port]" as stated in Column-06 of Price Schedule for Goods (Form PG4-3B) and in the ITT Clause 23.12 (d) shall be replaced by "CIP [Dredger Base, Narayanganj, Bangladesh]".
04	1.28 of technical specification of 24" CSD (Page-125)	The technical Specification of online monitoring system stated in Section 1.28 of technical specification of 24" Cutter Suction Dredger (Page- 125-130)	Please generalize the Technical Specification of online monitoring system as stated in Section 1.28 of technical specification of 24" Cutter Suction Dredger (Page-125-130)	<i>If any Manufacturer is restricted under the mentioned specification as per the tender document then other equivalent/Better Specification of Real Time Dredge Monitoring Solution for Cutter Suction Dredger can be offered.</i> In addition to the above, the following features

mw

Sl no.	Tender Clause No.	Tender Conditions given by BIWTA	Questions/Clarifications sought by the prospective tenderer	Answers/Clarifications
				<p>shall be applicable for existing (previous) technical specification as well as equivalent offer of online monitoring system.</p> <p>For on Dredge Software:</p> <p>i) Should Support Print of plans and cross sections of the dredging area being true to scale.</p> <p>ii) Should Support Export of the data into CAD- or GIS-programmes.</p> <p>iii) Should Support Dredger obstacles, intermediate medium and other special features of the deposit</p> <p>iv) Should Support Operation Data Dashboard (visualization of dredging performance).</p> <p>For Remote Monitoring Software in Office providing real time field information to office when field dredgers are connected to office through Internet using cellular or some other communication:</p> <p>i) Volume estimation of removed material</p>

M

Sl no.	Tender Clause No.	Tender Conditions given by BIWTA	Questions/Clarifications sought by the prospective tenderer	Answers/Clarifications
				ii) Monitoring of the fuel efficiency of the all operating dredgers.

05. The following instruction shall be added in the clause 1.16 of Technical Specification of 24" Cutter Suction Dredger and clause 1.0 of Technical specification of crane boat: "The Shipyard has to follow strictly the class regulation to obtain appropriate class notation mentioned in the tender document."
